Celsius Network LLC, Case No. 22-10964

Dear Honorable Judge Glenn,

I'm writing regarding the case above to implore you to consider the individual investors who have been defrauded by Celsius. I have over \$80,000 (current value) worth of assets on the Celsius platform which I have accumulated over 5 years. These same assets were worth over \$150,000 at one point and I believe in the future of crypto assets and expect the value will be even higher. Like everyone I'm just trying to secure my families future as best I can and losing these assets would be devastating. I am not asking for anything more than the return of the assets I have on the platform. I can deal with the value of my investments declining, even to zero, but being defrauded is a different and difficult pill to swallow.

I hope special consideration will be made for using Celsius' Bitcoin mining operation to make investors whole.

I thank you for your time and consideration Your Honor and God Bless you.

Best regards,

Vincent Walters
